

NeuraTech Security
LOW-VOLTAGE EXPERTS FOR HOMES & BUSINESSES

Access control, CCTV, AV and networking, installed and serviced by one team.

Low-voltage experts for homes, businesses, apartments and property managers.

WHAT WE DO

Access Control

Keypads, card and fob readers, door hardware and managed entry for offices, apartments and clubhouses.

AV Systems

Displays, video walls, speakers and audio for clubhouses, offices, retail and common areas.

Service & Upgrades

Repair, troubleshooting and upgrades for existing low-voltage systems.

CCTV & Camera Systems

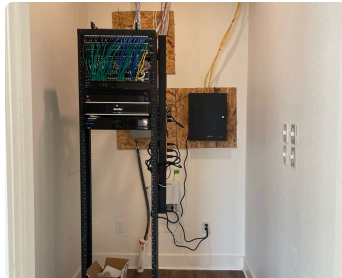

Indoor and outdoor cameras, recorders and remote viewing for buildings and properties.

Networking & Cabling

Structured cabling, racks, switches, Wi-Fi and access points built clean and labeled.

POS & Retail Installs

Point-of-sale stations, signage and supporting network and camera work.

WHO WE SERVE

- Apartment communities and property managers
- General contractors and project teams
- Offices, retail and commercial buildings
- Homeowners

WHY NEURATECH

- One team for security, AV and networking
- Residential and commercial experience
- Clean, organized installs
- Support for systems we didn't install

WHERE WE WORK

Headquartered in Dallas, Texas. Serving all of Texas, the South and the West Coast.
